STRANGERS, STOP AS YOU PASS BY,  
AS YOU ARE NOW SO ONCE WAS I.

The above inscription can be found on the stone of Nicholas B. Post, on the front row, along the driveway, in section two of the cemetery.

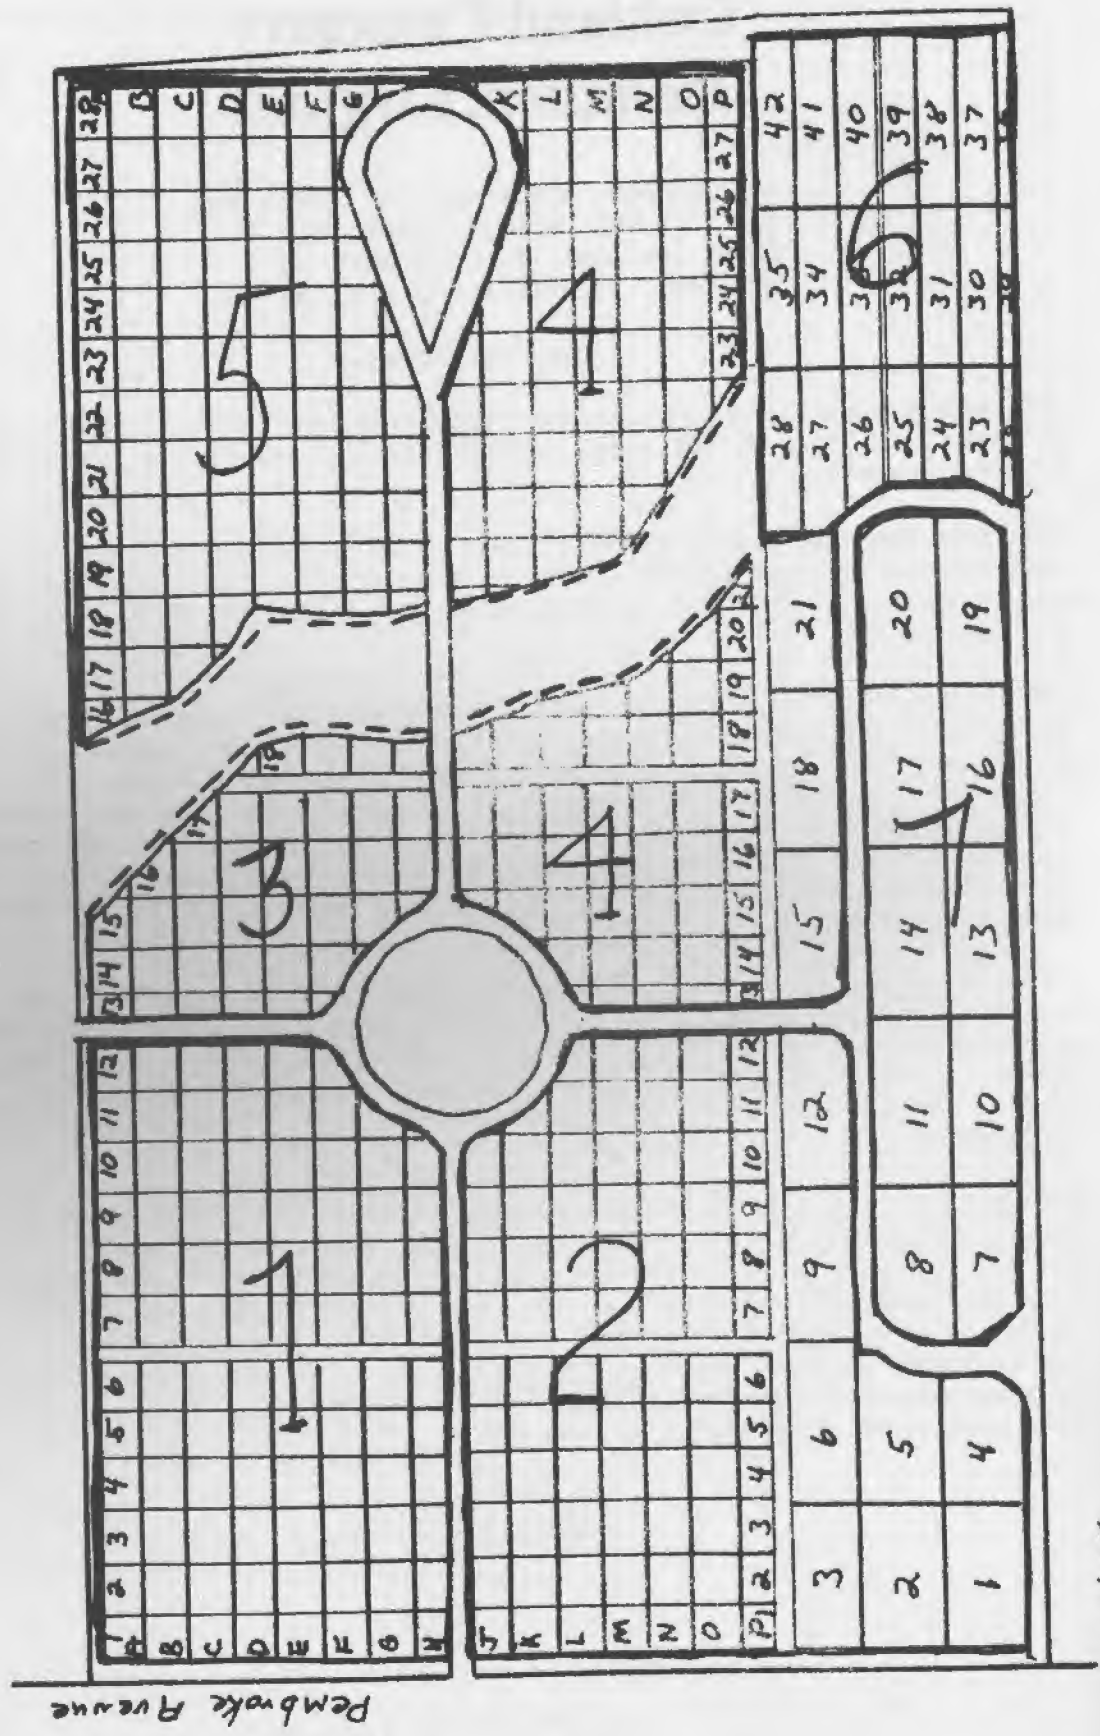

Oakland Cemetery was established in 1890 when the land, consisting of six acres, was purchased from Richard M. Booker and family, according to the deed recorded in Hampton's Clerk of Courts office.

The oldest stone found in the cemetery is in section one. The name inscribed is Peter W. Marranner, born June 17, 1757, died June 27, 1830. This stone was obviously moved to Oakland from another cemetery, since Oakland was established in 1890, sixty years after Mr. Marranner's death. We believe Mr. Marranner's stone and many others were brought from the Fort Monroe cemetery, after it was in danger of being washed away by erosion.

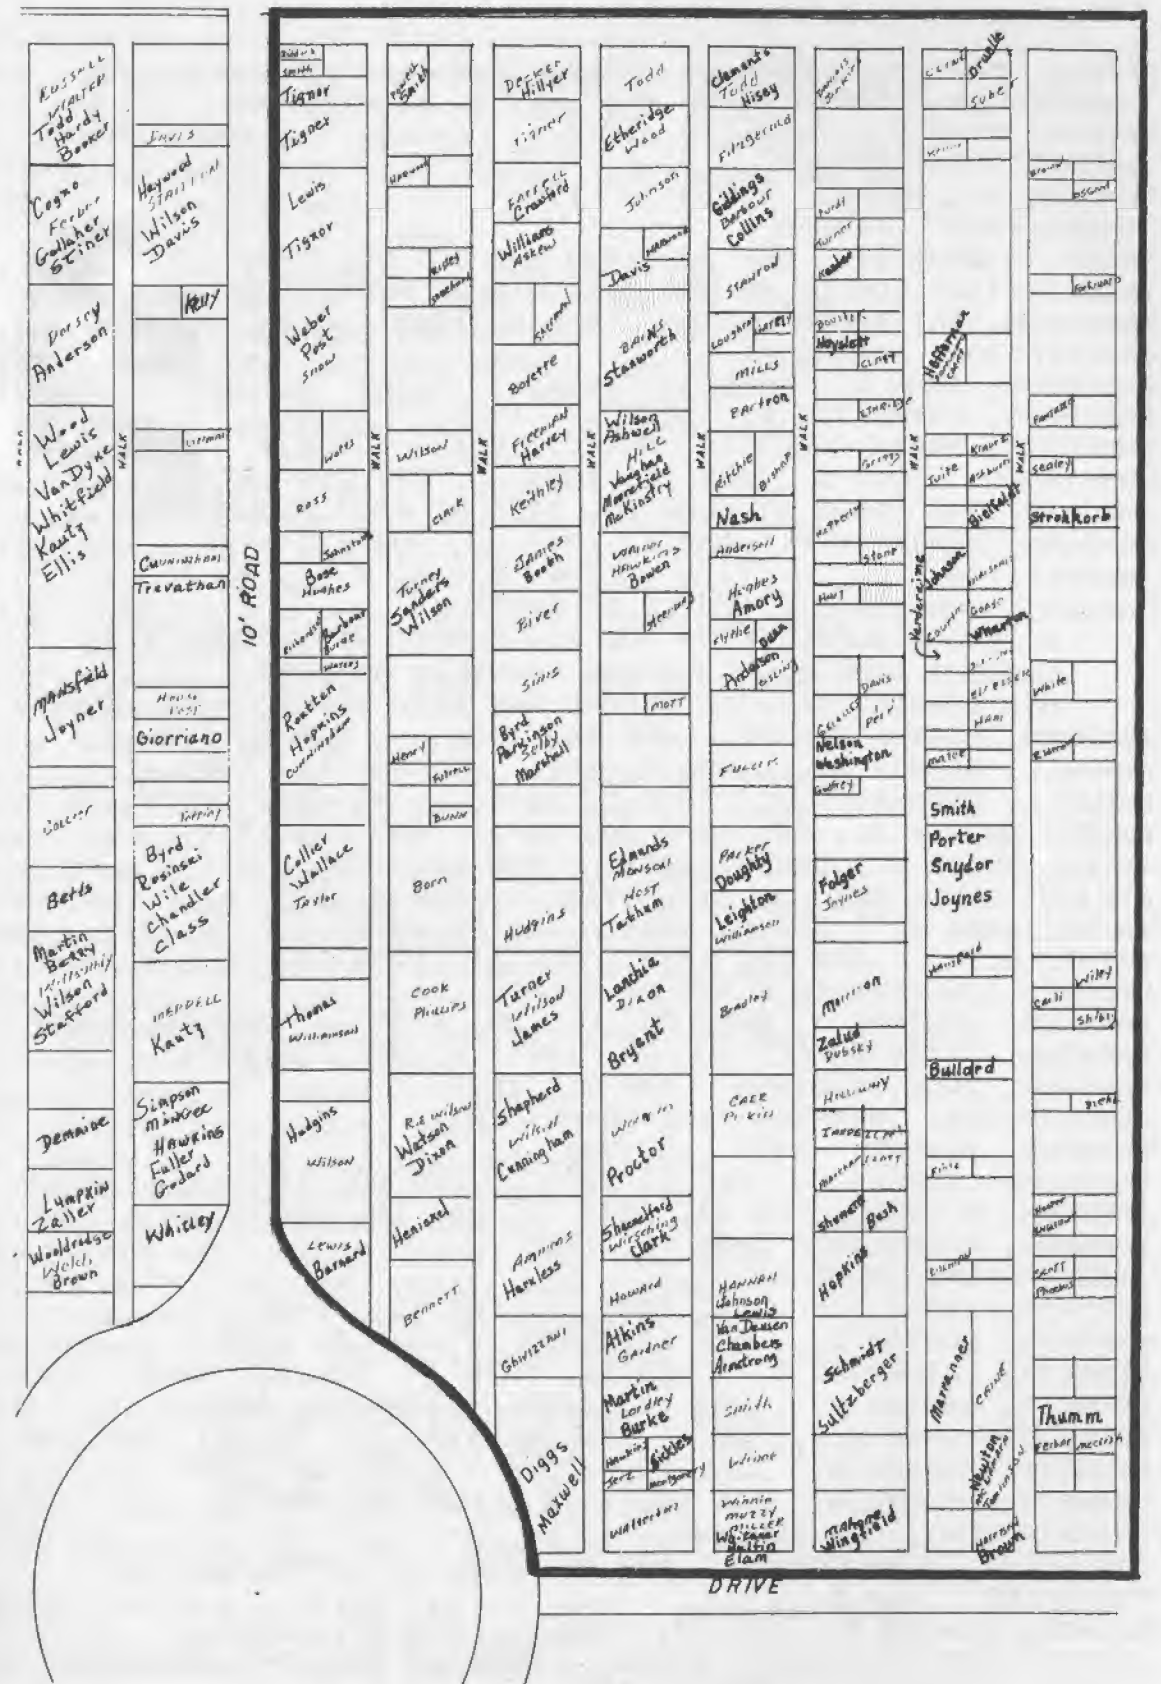

This book is a listing of approximately 3,000 marked and known unmarked graves in Oakland Cemetery, Pembroke Avenue, Hampton, Va. It is divided into eight sections, one through seven, with the last section listing the known unmarked graves and where they are located, if this information was available.

The stones were copied by members of the Oakland Cemetery Association in May and June of 1991, with additions up to March, 1994. Burials after this date may not be recorded. All editing and alphabetical listings were done by Coleen Allen and Jackie Burroughs, members of the Association. Maps were drawn by Mr. Lee Parker and Mr. Dick Thompson. Our appreciation to Mr. Skip Watson for his special help. Cover art work was done by J. B. Keithley.
